

Euremis and Masternaut invite you to our Field Force roundtable:

“Tools to improve your field force performance”

- Maximize work time thanks to proper scheduling and minimize travel time
- Match the job with the technicians' skills and certifications
- Prioritize work by SLA and get first-time-right information
- Improve customer satisfaction while considering the availability of parts and avoiding technician overtime
- Optimize and manage the spare stock in the car.

We invite you to share your experience with others during a round table and have a look on how Euremis and Masternaut could help in improving your Field Force efficiency and performance.

When: June 18th 2009 at 10.00am

Where: Chi-Chi's WATERLOO - 29-31 Chaussée de Nivelles - 1420 Braine l'Alleud
